What is CarShare?

CarShare is a neighborhood based transportation service that allows people to use a car when needed, without the costs and responsibilities of ownership. It converts automobile use from a product to a service, providing people with use of a car instead of ownership.

Different kinds of cars are kept in dedicated parking areas in the neighborhood. Members make reservations on-line or via a toll-free phone number, walk to the parking area, access the car using a Smart Card, and drive off. They are billed at the end of each month based on usage.

What are the Benefits?

CarShare brings a broad range of social and environmental benefits for members, non-members and the community. It can help make communities more vibrant, attractive and less dependent on the private automobile. Individual member benefits include:

- Self-service around-the-clock access to cars – no lines, contracts or hassles
- Low rates that include gas, insurance and parking
- Reservations months or minutes in advance
- Reservations online or via phone
- 24/7 roadside assistance

How does it work?

Just register, reserve and ride... it's EZ!

Register with our on-line form. Once approved, you will receive a confirmation e-mail and your **ez ride™** Access Card will be mailed to your office or home. You're ready to reserve your car online or by phone.

Reserve well in advance or within as little as half an hour before your desired departure. Reserve for as little as an hour or a whole day. **ez ride™** provides 24-hour access, 7 days a week to their entire fleet and guarantees exclusive use of the car for the duration of the reservation period.

Ride – ez ride™ provides dedicated parking at convenient locations in your neighborhood. 24-hour roadside assistance is provided. Each vehicle has a gas card in case you need to fuel the car.

What does it cost?

You pay the following membership fees:

Application fee	\$25
Refundable security deposit	\$100
Annual Fee	\$50

Additionally, you are charged a usage fee at an hourly rate of \$10 or a flat rate of \$75/day, plus applicable taxes. The hourly rate includes 150 miles per day and the flat rate includes 200 miles per day. Additional miles will be charged at the rate of \$0.25 per mile.
