About EZ Ride

At EZ Ride we believe that a safe, affordable & reliable transportation system is vital to maintaining our quality of life and promoting the economic growth of the region. Transportation is a daily concern for commuters who cannot afford to drive to work, for older adults who do not drive a car, and for businesses whose employees and customers may not have easy access to public transportation.

For over 40 years, we have helped people overcome transportation barriers by partnering with businesses and governments to implement transportation programs and services like carpools, vanpools, shuttles, biking & walking programs and even transportation with companies like Lyft and Uber.

EZ Ride is a non-profit organization and in 2013, we were recognized for excellence in serving the needs of the community and named the *Urban Community Transportation System of the Year* by the Community Transportation Association of America.
