

GO GO

GRANDPARENT

Using on demand transportation to help older adults age in place.

12,000,000
seniors
don't have transportation

It's **doubling** in ten years.

71% of the 70+ don't have a smartphone and **over half** of the ones that do have never downloaded an app before.

No Smartphone Required

- Do you have room in your car for ambulatory equipment?

Ride Monitoring

Monitor

- Help drivers find passengers
- Reorder rides that driver's cancel

Ride Completed

Resolve

- Receipt call
- Notify loved ones

“I cannot see at night, and we all know that everything beautiful happens at night. With this service I can be transported to these events by the GoGoGrandparent.

Long may you reign”

-Eleanor J.

Our partnership with Gogograndparent provides affordable 24/7 transportation. Together, we have provided thousands of rides to seniors who don't drive, giving them more independence.

-John Crouthamel, Director

I have found GoGoGrandparent to be very prepared, diligent, conscientious, and supportive in helping us implement our new transportation program for the older adults in Lafayette.

- **Mary Bruns, Program Coordinator**
