

About Us

At EZ Ride we believe that a safe, affordable & reliable transportation system is vital to maintaining our quality of life and promoting the economic growth of the region.

Transportation is a daily concern for commuters who cannot afford to drive to work, for older adults and people with disabilities who do not drive a car, and for businesses whose employees and customers may not have easy access to public transportation.

For over 30 years, we have helped people overcome transportation barriers by partnering with businesses and government to implement transportation programs and services like carpools, vanpools, shuttles, transportation for people with disabilities, biking & walking programs and even transportation with companies like Lyft and Uber.

EZ Ride is a non-profit organization and in 2013, was recognized for excellence in serving the needs of the community and named the Urban Community Transportation System of the Year by the Community Transportation Association of America. Whatever your transportation needs, EZ Ride is here to help.

"I like the independence to come and go on my own without having to count on my family. And not having to make reservations days in advance is a luxury that I truly enjoy. My conversations with the drivers are always interesting and I feel that I am in good hands. I am pleased that I do not have to deal with paying the drivers and the folks at EZ Ride take care of the billing."
