DRIVING A SUSTAINABLE FUTURE

MAYOR SHELLEY BRINDLE

# WHY EVs MATTER FOR WESTFIELD

Reducing emissions, improving air quality

Supporting commuter-friendly community

Providing convenient charging access

Positioning Westfield as a sustainability leader

# CERTIFIED EV ADOPTION LEADER

Nationally certified by FORTH  
Mobility (2024)

Installed EV chargers across eight  
centralized locations in two tranches

Accessible for residents, commuters,  
and employees

**What if you  
always left  
with a full  
~~tank?~~ battery?**

Worry less about range  
when your battery is fully  
charged, every morning.

**Test drive the latest EVs**  
Learn about at-home and  
on-the-road charging

**Westfield Green Energy Fair**

October 1st at 12PM  
South Ave Train Station Lot  
Westfield, NJ

# INNOVATIVE PUBLIC/PRIVATE PARTNERSHIP

- ❖ Partnership with Volta Industries (now Shell)
- ❖ Provided free charging infrastructure
- ❖ Afforded incremental local advertising opportunities

# MUNICIPAL LEADERSHIP

- ❖ 2024 BPU Grant Winner
- ❖ First EV Police Patrol Vehicle in Westfield: Chevy Blazer EV, anticipated delivery early 2026
- ❖ Piloting transition of municipal fleet

# ENGAGING THE COMMUNITY

- ❖ *Drive Electric Earth Month* showcase with local residents
- ❖ Online resources + rebate information
- ❖ Planning Board requirements for future-ready EV outlets in new developments

# IMPACT & INSPIRATION

❖ Cleaner air and quieter streets

❖ Increased accessibility for commuters

❖ Community pride in sustainable leadership

❖ A replicable model for other towns
