

Your Community's Mobility Partner

Safe | Reliable | Affordable

EZ Ryde4Life

Expand mobility options in your community, especially for older adults, with a scalable, simple statewide program powered by Uber and Lyft. Smartphones are not required.

Shuttles

Turn transportation into a competitive advantage by offering shuttle service as a valued amenity – enhancing access to public transit while reducing parking costs.

Carpools & Vanpools

Provide affordable shared commuting options that help attract and retain talent while reducing parking demand. Join our existing Vanpools or start a new one.

Biking & Walking

Promote safe walking and bicycling to build healthier and safer neighborhoods. We help you plan, design, implement, effective programs tailored to your community.

EV Accelerator

The future is electric – stay ahead by providing on-site charging that attracts talent, tenants and visitors. We provide you the roadmap, resources, and recognition needed to support your efforts.

Roadway Safety

Create safer streets for everyone with EZ Ride's roadway safety program, including radar speed studies, safety campaigns, demonstration projects, road safety audits and CarFit assessments for older adults.

Whatever your mobility needs, EZ Ride is here to help.

Our Story

Non-Profit Public-Private Partnership

In response to the gas crisis of the 1970's, the Meadowlands Transportation Brokerage Corporation doing business as "EZ Ride" was established in 1983 as a not-for-profit, public-private partnership dedicated to improve access, reduce congestion and supporting economic growth. Through collaboration with business and government agencies, the organization addressed employee commuting challenges across New Jersey. Its charter members included the Port Authority of New York & New Jersey, NJ Turnpike Authority, New Jersey Sports & Exposition Authority, New Jersey Meadowlands Commission, New Jersey Department of Transportation and the Meadowlands Regional Chamber of Commerce.

EZ Ride is proud to be New Jersey's first Transportation Management Association (TMA).

Helping People Overcome Transportation Challenges

At EZ Ride, we believe that a safe, affordable & reliable transportation system is essential to quality of life and economic growth. Transportation is a daily concern for commuters who cannot afford to drive to work, older adults who no longer drive, and businesses whose employees and customers face limited transportation options.

For more than 40 years, we have helped people overcome these barriers by partnering with businesses and governments to plan and implement solutions such as carpools, vanpools, shuttles, biking & walking programs and rides with Lyft and Uber.

More recently, we have expanded our work to support the transition to electric vehicles by providing the guidance, resources and recognition needed to install on-site charging. In alignment with the state's Vision Zero goal of eliminating traffic fatalities, we are advancing initiatives that make roadways safer for all users.

Key Partners

Factoids

- The EZ Ryde4Life program, in partnership with Uber and Lyft, operates in all 21 New Jersey counties and provides more than 10,000 rides each month.
- EZ Ride shuttles operate 24/7 and transport about 400 riders each weekday, making us one of New Jersey's largest minibus shuttle providers.
- In the Greater Newark area, more than 100 riders use EZ Ride shuttles each night between 1:00 and 5:00 a.m. to travel to and from jobs at Newark Airport.
- Our bicycle and pedestrian team serves more than 1,000 schools in 170 municipalities.
- Each year, we host about 450 bicycle and pedestrian events that reach more than 60,000 students.
- EZ Ride leads New Jersey's Electric Vehicle Adoption Leadership (EVAL) program, which recognizes worksites that support EV adoption, including workplace charging. In 2025, EZ Ride helped 130 worksites earn recognition for their leadership.
